JOURNEY THROUGH OUR PAST EVENTS:

DESIGN KARO - ROADMAP TO UI/UX

This event's goal is to introduce everyone to the field of design while highlighting interface development and user experience topics.

FLUTTER FUSION

The Flutter Fusion event was a game-changer for students offering invaluable hands-on experience in app development. A monumental chapter in our tech journey.

COMMUNITY BUILDING AND ITS BENEFITS

This event was conducted by Waleed Arshad an exceptional speaker. Students gained insights into effective community building and learned strategies for fostering collaboration. It was an outstanding session.

TECHDEV 2023

TECHDEV's event was a superlative event because of remarkable speakers Amna Javed, Farah Mehboob, and Halima Sadia. The event focused on discussing the latest Google technologies these industry experts shared their stories inspired us in the tech world, and gave advice on how to achieve a successful roadmap in the tech field.
