STUDENT SOCIETIES

Acquiring professional education at undergrad level demands students' understanding of events happening around in that time as well as about the ones that became part of history. This insight is developed when they are encouraged to actively participate in co-curricular activities. Administration and faculty members of Department of Computer Science and Software Engineering, JUW believe that students' personality can be transformed if they get chance to pursue their interests and chase their curiosity. Department provides a platform to students in the shape of Student Societies including Dramatic Society, Robotics Society, Entrepreneurship Society, Character Building Society, Graphics Society, Go-Green Society, Literary Society, Community Welfare Society, Debating Society, Mathlete Society and Cyber Security Society. The aim behind these societies is to let the students deviate from gaining hardline technical knowledge they get in lecture halls to the places that will help them in becoming better individuals of society. Students in societies decide their team on democratic values under the supervision of faculty head.

GO GREEN SOCIETY

Mission

Go Green Community is one of the significant upshots of JUW CS and SE department which aims to pay back to our society with a motive 'Think Green, Save World' as it recognizes that global climate change is a real concern for our generation and future generations as well, which can be minimized by tree plantation. To this end, our young volunteers have been actively involved in organizing tree plantation campaigns.

Webinar and Plantation Drives

The purpose of these events is to spread awareness while encouraging our students to do their part for the betterment of our society and environemnt.

Objectives

The significance of forest cover and tree plantation cannot be stressed upon enough, and their importance has only increased in the present scenario, with global warming and climate change being very real threats to our planet and all its inhabitants. Tree plantation refers to the transplantation of saplings or sowing of seeds in order to facilitate green cover and promote afforestation. Tree plantation can be a very fulfilling and fruitful activity. Not only is it good for the environment and the earth, but it is also a way in which you can help in making the world a better and cleaner place to live in, as trees help to bring down the levels of pollution.

LITERARY SOCIETY

Vision

Establishment of a platform that gathers individuals who share passion for literature, to cherish its beauty and to contribute in it the way we can
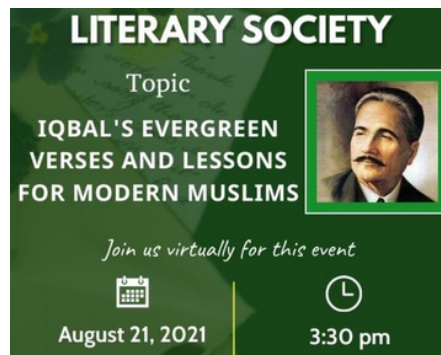

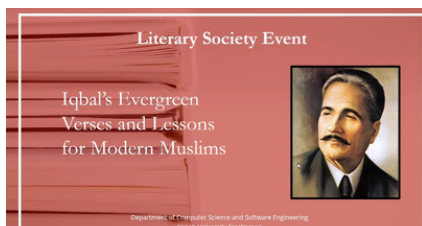

Mission

The Literary society intends to lend hand towards students who, beside their studies, have interest in exploring literature of languages widely spoken in Pakistan. Any skill related to literature, be it linguistics or creative skills, here at the society, we encourage them to nurture their fondness for literature.

Iqbal's Evergreen Verses and Lessons for Modern Muslims

Literary Society's first event, titled "Iqbal's Evergreen Verses and Lessons for Modern Muslims". The event extended the celebrations of Independence Day with the commemoration of Iqbal's fine work in his poems "Shikwa" and "Jawab-e-Shikwa". These poems were set as the theme for the event as they convey a strong lesson for Muslims the implementation of which is the need of the hour.

Members of the society namely Wajiha Rehman (President of Literary Society/CS 2018), Ayesha Khan (SE 2018), Izba Shahid (CS 2018), Rabia Fatima (CS 2020), Umaima Muzammil (CS 2020) and Nabtahil Riaz (CS 2020) were among the presenters. Each presenter selected a stanza comprising of six lines each (band) from Iqbal's Shikwa and Jawab-e-Shikwa to express their viewpoints and interpretations. The participants feedback of the event was positive overall.
